

DRESS BOX LIMITED t/a The Dressing Up Box would like to draw your attention to the following advice:

EDIT COLOUR EYE ACCESSORY ASSESSMENT:

Edit colour eye accessories should not be used if you suffer from any of the following:

- Any eye infections (e.g. Conjunctivitis)
- Any corneal condition (e/g/ Keratitis)
- Any allergic eye conditions (e.g. Hay fever)
- Any chronic eye conditions (e.g. Glaucoma)

Edit Eye Accessories are intended for cosmetic colour change purposes only and not to correct any defect of sight or refractive error.

Ensure that clear instructions and guidance are received for the safe wearing, removal and care of Edit Colour Eye Accessories.

Edit Colour Eye Accessories should be immediately removed if they cause any undue irritation, discomfort, excess watering or redness of the eye.

There is the need for regular periodic check-ups with an eye care practitioner.

You must be over the age of 16.

Edit Colour Eye Accessories are not classified as medical devices and are governed by the EU Cosmetics Directive; however, in the clinical opinion of the company's qualified ophthalmologist, they are only considered suitable for those with normal healthy eyes, who can confirm ALL statements above to be true and accurate.

If you are in any doubt whatsoever as to whether Edit Colour Eye Accessories are suitable, please consult a medical or eye care practitioner.
